This year most of us will be doing Christmas on a budget, so the team at [www.rusticangels.co.uk](http://www.rusticangels.co.uk) shabby chic, vintage and retro home accessories, have come up with some gorgeous gifts to make yourself that will save you a fortune, be fun to create and a joy to receive!

The Angels have enthusiastically embraced the concept of upcycling ([www.rusticangels.co.uk/upcycling-at-its-best.html](http://www.rusticangels.co.uk/upcycling-at-its-best.html)) - turning old or unwanted everyday objects into something more beautiful. Every week from September until Christmas, they are posting step-by-step details of a new Christmas Make on the Rustic Angels Blog (<http://www.rusticangels.co.uk/15-christmas-gifts-to-make.html>), providing inspiration to anyone wanting to make pretty, unique and thoughtful gifts for their family and friends.

So far the Christmas Makes they have posted include:
