The future of the workout is here. OnlineGym4me: The World's leading online gym, changing the way people exercise with online fitness classes

OnlineGym4me <http://www.onlinegym4me.com> is a unique new online gym offering sports enthusiasts across the globe the ability to exercise and stay active via live and recorded online classes.

With 120+ new live classes every month and unlimited access to recorded classes, you can browse functional training, yoga, Pilates classes and exercise from the comfort of your home, hotel room or office. No special equipment required, you can workout anywhere 24/7.

Marko Filej, CEO and Founder OnlineGym4me said "I am extremely proud of OnlineGym4me and the opportunity to change peoples' lives for the better with what we see as the future of working out. Our online gym is for people who want to stay active anytime, anywhere and have fun at the same time".

OnlineGym4me makes exercising convenient, effective, affordable, and fun for our users:

- From 12.00GBP a month you get 24/7 access to live and recorded online classes
- Classes on Online Gym4me are 30 minutes long.
- Work out at home, in a hotel room, office, park, on the beach, in the garden
- Monthly, 3 months and 12 months' membership options to fit your budget.
- Click here for a free trial: <http://www.onlinegym4me.com>

Exercise wherever you're most comfortable, great if you prefer privacy when you're working out, or if you're short on time. Pick a class, exercise at your own pace and enjoy.

All you need is a little space, laptop, and internet connection. It's that simple!
