The Exclusive ROL Cruise Show offers visitors a fantastic opportunity to meet representatives from the leading cruise lines to learn more about the vast array of destinations, ships, itineraries and exclusive packages available through ROL Cruise.

The event, which coincides with the 25th anniversary celebrations of ROL Cruise, offers guests the opportunity to discover more about cruising and the fantastic packages that are available for 2020, 2021 and beyond; from river and ocean cruises, to expedition or cruise & stay; to the ultimate in cruise voyaging – world cruising. A host of exclusive show offers will be available throughout the event.

Journalist, TV Presenter and Royal Broadcaster Jennie Bond will be in attendance as a special guest and Ambassador for ROL Cruise's 'Cruise Miles' loyalty programme. Each day, Jennie will share her own ocean, river and expedition cruise adventure memories and advice, as well as touch upon her fascinating experiences as a royal correspondent and journalist.

Sarah Wikevand, MD of ROL Cruise, said: "Following the huge success of last year's premier event, we are very excited to be hosting The Exclusive ROL Cruise Show at Braxted Park – particularly given the fact it coincides with the start of our 25th anniversary celebrations.

"Whether you are new to cruising, or a seasoned, experienced cruiser, there truly is something for everyone. You will be able listen to a wide variety of specialist talks that will be running throughout the duration of the show, focusing on our cruise line partners, their modern ships and hugely extensive itineraries.

"For anyone considering a cruise, it is a 'must visit' – it is rare to have access to so many cruise companies under one roof – and all in the beautiful surroundings of Braxted Park, which is steeped in history and set within 500-acres of stunning Essex parkland. Our friendly and knowledgeable team will be on hand to answer any questions, plus take guests through the exclusive show offers that will be available. A warm welcome awaits."
