For the second month running, Quantix (<http://www.quantix-uk.com>), one of the UK's leading IT Managed Service and Solutions ([http://www.quantix-uk.com/Managed\\_Services.aspx](http://www.quantix-uk.com/Managed_Services.aspx)) providers, has been chosen as one of the Top 25 Most Popular Online Backup Companies for April 2010.

Compiled by Online Backup Directory, one of the most reliable sources for up-to-date information about Cloud services (<http://www.cloud-dr.com>) and companies, and based on the number of votes and profile views a company receives, the awards provide one of the most accurate views of industry-leading companies.

"Quantix (<http://www.quantix-uk.com>) are extremely proud to be recognised as one of the Most Popular Online Backup & Cloud Service providers in the UK, and will be adding this to the long list of awards and accreditations already received for our managed services ([http://www.quantix-uk.com/Managed\\_Services.aspx](http://www.quantix-uk.com/Managed_Services.aspx)) and cloud-based solutions (<http://www.cloud-dr.com>)," explained Simon Goodenough, Sales & Marketing Director, "Given that these awards are based on consumers' choices, with Service Quality Assurance being one of the top deciding factors, we are very pleased to receive this as recognition of our commitment to providing the very best quality services to our customers."
