

Tiger Charity Appeal

Submitted by: Tiger Awareness

Wednesday, 7 November 2007

We are a registered UK charity that help with projects in India, helping people who live on the peripheries of the Tiger reserves and supporting the forest guards who protect the Tiger and forests. We are running an appeal to help raise funds to buy as many pairs of boots and cycles for the forest guards to help them perform their duties more proficiently. The funds we spend go directly to the projects. You can find out more about our projects by visiting our website at www.tigerawareness.co.uk.
